ABOUT NSBE

Greetings from the National Society of Black Engineers (NSBE) – University of Regina Chapter.

NSBE is a student-led organization dedicated to increasing the number of Black engineers who excel academically, succeed professionally, and positively impact their communities. With over 30,000 members and more than 600 chapters worldwide, NSBE has become one of the largest organizations supporting Black students in engineering and technology.

At the University of Regina, our chapter is committed to creating opportunities for students through mentorship, professional development, networking, leadership, and community engagement. We support students by helping them grow academically, connect with industry professionals, and prepare for successful careers in engineering, technology, and related fields.

Our mission is to build an inclusive and empowering community where students can thrive, develop confidence, and become future leaders in STEM. As we approach the 2026/2027 academic year, we are seeking partners who share our commitment to diversity, innovation, and student success. Through sponsorship, your organization will directly contribute to meaningful programs that support the next generation of engineers and technology professionals.

ABOUT NSBE

At the University of Regina, our chapter is committed to creating opportunities for students through mentorship, professional development, networking, leadership, and community engagement. We support students by helping them grow academically, connect with industry professionals, and prepare for successful careers in engineering, technology, and related fields.

Our mission is to build an inclusive, empowering community where students can grow, gain confidence, and become future leaders in STEM.

As we prepare for the 2026/2027 academic year, we invite organizations that share our commitment to diversity, innovation, and student success to partner with us. Your sponsorship will directly support impactful programs that empower the next generation of engineers and technology professionals.

SPONSORSHIP WITH NSBE

Partnering with NSBE connects your organization to a growing group of motivated and diverse engineering and technology students.

Our sponsorships offer you:

- **Positive Brand Association:** Partnering with NSBE shows your support for diversity, inclusion, and student growth, while improving your reputation on campus and in the wider community.
- **Develop Future Leaders:** Your support helps students build leadership skills, technical abilities, and confidence through workshops, mentorship, networking, and career programs.

- **Support Community Impact:** Sponsorship helps fund outreach, scholarships, student development, and events that benefit students and the local community.
- **Build Meaningful Connections:** Engage directly with students, alumni, faculty, and professionals through networking events, career panels, workshops, and chapter activities.

- **Brand Visibility:** Sponsors receive recognition through:
 - Event posters and promotional materials
 - Social media shoutouts
 - Verbal acknowledgements during events

OUR EVENTS

I. Info Mixer

Attendance: 80+ engineering students per event

Description: The InfoMixer is a networking event that brings together STEM students to connect with peers, share experiences, and learn about the resources NSBE provides. It's beneficial for students because it builds community, expands their academic and professional networks, and introduces them to opportunities that support their success in STEM.

Sponsorship Tiers and Benefits

Gold Tier - \$750

- Large logo placement on event posters
- Recognition during event announcements
- Social media promotion
- Company banner or promotional material at the event

Silver Tier- \$500

- Medium logo placement on promotional materials
- Social media recognition

Bronze Tier- \$350

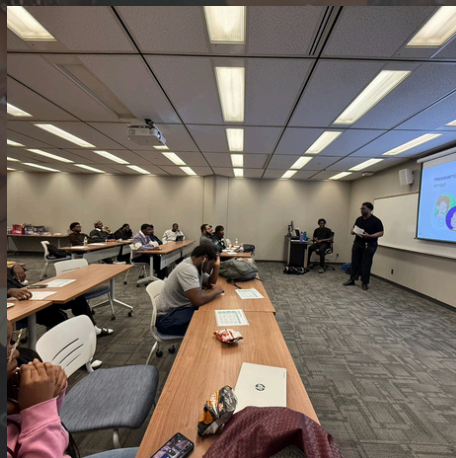

- Logo placement on event posters

OUR EVENTS

II. Resume & Interview Workshop

Attendance: 40+ students

Description: The Resume & Interview Workshop is a professional development event that helps students strengthen their resumes, improve interview skills, optimize their LinkedIn profiles, and build networking confidence. It's beneficial for students because it equips them with the tools and confidence needed to secure internships and full-time opportunities while preparing them for success in their professional careers.

Sponsorship Tiers and Benefits

Platinum Tier - \$100

- Logo on workshop materials
- Opportunity for Keynote speaker to present
- Social media recognition post

OUR EVENTS

III. Black History Fest

Attendance: 50+ students and guests

Description: Black History Fest celebrates the achievements and contributions of Black individuals in engineering, technology, science, and leadership. It brings together students, professionals, and community members to recognize success and discuss diversity, inclusion, and innovation in STEM.

Students benefit through increased cultural awareness, exposure to role models, networking with professionals, and a stronger sense of community in STEM.

Sponsorship Tiers and Benefits

Gold Tier – \$300

- Featured logo placement
- Event recognition
- Social media spotlight
- Keynote Speaker Opportunity

Silver Tier – \$150

- Sponsor acknowledgement during event
- Social media spotlight
- Logo on promotional materials

OUR EVENTS

IV. Technical Workshops (Arduino 101 / Intro to Tech)

Attendance: 20+ students

Description: The Technical Workshops provide students with hands-on learning experiences that introduce practical engineering and technology concepts through interactive activities such as Arduino programming and introductory technical skills. They're beneficial for students because they develop foundational technical knowledge, encourage innovation and problem-solving, and build confidence in applying engineering concepts to real-world projects.

Sponsorship Tiers and Benefits

Platinum Tier - \$200

- Logo placement on workshop materials
- Recognition during workshop
- Social media promotion
- Opportunity to Present/Teach the workshops

OUR EVENTS

V. Engineering & Technology Industry Panel

Attendance: 40+ students

Description: The Engineering & Technology Industry Panel brings together professionals from engineering and technology fields to share insights on career pathways, leadership, innovation, and workplace experiences. It's beneficial for students because it provides valuable industry perspectives, helps them explore career opportunities, and allows them to connect with professionals who can offer guidance and mentorship.

Sponsorship Tiers and Benefits

Platinum Tier – \$100 (Or provide a speaker)

- Opportunity to provide a speaker/panellist
- Premium logo placement
- Verbal appreciation during the event
- Social media recognition

Custom Sponsorships & Partnerships

Every organization has unique goals, and we're happy to create sponsorship opportunities that align with your objectives. Whether you'd like to sponsor an event, support student initiatives, provide scholarships, offer mentorship, donate resources or prizes, or recruit talented students, we can work with you to build a meaningful partnership.

For sponsorship inquiries and partnership opportunities, contact our Sponsorship Director at nsbeuregina@gmail.com. We'd love to discuss how we can create a partnership that benefits both your organization and our students.

Conclusion

We appreciate your interest in supporting National Society of Black Engineers.

Your sponsorship directly contributes to the growth, success, and development of engineering and technology students at the University of Regina. Together, we can create opportunities that empower students, strengthen diversity in STEM, and build the next generation of engineers, innovators, and leaders.

We look forward to partnering with you and creating a lasting impact within our student and professional community.
